DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statements (dated October 21, 2010 and November 23, 2010) were in compliance with the provisions of 37 CFR 1.97 and 37 CFR 1.98. The statements were considered. Signed copies of form 1449 are enclosed herewith.

Terminal Disclaimer

2. The terminal disclaimer filed on November 16, 2010 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US 7,189,750 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Response to Amendment

3. The amendments and remarks filed on November 16, 2010 have been fully considered. The obviousness type double patenting rejection has been obviated and is thus hereby withdrawn. The 35 USC 102 rejection is maintained. The instant application does not find support under 35 USC 112 1st paragraph to be granted priority to provisional application. Therefore, the instant claims have a date of 2005 which is later than the priority date of the reference which is 2004.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1626

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
